

AUSTRALIA'S LEADING
HEALING & LOSS EXPERT
SHARING THE LESSONS OF LIFE,
TRANSFORMING THE FEAR OF DEATH,
& CELEBRATING THE POWER OF *love.*

BIOGRAPHY

Sharon Muscet is one of Australia's foremost experts on healing and loss. As one of the countries' most sought after celebrants, Sharon has worked alongside thousands of individuals experiencing the realities of death; giving her privileged insight into not only how to cope with grief and loss, but more importantly, the life lessons learned from those who pass.

A life-threatening accident and near-death experience led Sharon to walk away from a successful international corporate career in PR & Marketing. Her journey as a celebrant began after a friend asked her to speak at her Father's funeral and from that moment Sharon's life would change forever.

Since 2011, Sharon has conducted several hundred "celebrations of life" for families grieving the loss of a loved one and speaks about death to approximately 1000 people per week.

Today Sharon is also called upon as a celebrated keynote speaker to share powerful stories, life lessons and love stories from those who have passed with a view of helping others live their best life. With wisdom and grace, Sharon is changing the conversation that comes with death from one of fear to one of love. Inspiring audiences all over the country to reflect on their own life, transform them to take action and change not only the way they die but the way in which they live their life.
